ATWOOD GRAPEFRUI

THE superiority of Atwood Grapefruit is not an accident. Frem the first planting the Atwood Grapefruit Co. has sacrificed everything for QUALITY. An initial expense of hundreds of thousands of dollars was incurred, while everything that scientific culture and experience could suggest was done to produce QUALITY. Even then some trees at maturity bore rimply good grapefruit, but not good enough for the Atwood Brand. These trees were cut down and replaced by superior varieties.

So through selection and cultivation has evolved the delicious AT WOOD GRAPE-FRUIT-"the Aristocrat of the Breakfast Table."
